## Terms and conditions

The Office of the Children's Guardian has developed this training platform to help you learn how to make organisations safe for kids.

This is one of the legislative functions of the Children's Guardian. The Children's Guardian has other legislative functions which are outlined in the Children's Guardian Act 2019.

Helping people to make organisations safe for children means using a range of available tools to build safe systems and practices.

Why am I being asked to fill out this consent?

When we deliver training sessions we collect some personal information from you. This includes your name, contact details, and your employer's name and contact email.

(\* = mandatory field)
